

BARGE LID LIFTER

Features

- Feet never leave the deck.
- Hook & unhook stackable lids from deck level.
- WLL engineered for standard lid sections with capacity up to 4,000 lbs.
- Standard eye hookup allows for customer choice of rigging options.
- Painted a professional coat of "Safety Yellow" for added durability.
- Conforms to current ASME B30.20 and BTH-1 specifications.

**Now in use at
numerous terminals
throughout the
Mississippi-Ohio
River Valley!**

A recent customer wrote us to say...

***"Just wanted to let you know that the
Barge Lid Handler is working great!
It will end up reducing our barge lid
handling times by 30%!"***
